

Release Notes for CaraSolva® Revision 2.16.4.0

Dated November 15, 2016

The CaraSolva Team is proud to share some exciting new features to be implemented in our upcoming software release! We have also fixed a few system bugs. We wanted to give you a heads up prior to the release on what's to come! Please see below for a list of new features and bug fixes you can expect next Tuesday!

To install this upgrade, the system will be unavailable for up to 2 hours at the following times:

Eastern: Tuesday, November 15th from **12:00 – 2:00 AM** EDT

Central: Monday, November 14th from **11:00 PM – 1:00 AM** CDT

Mountain: Monday, November 14th from **10:00 PM – 12:00 AM** MDT

Pacific: Monday, November 14th from **9:00 PM – 11:00 PM** PDT

As always, feel free to get back to us with any concerns, comments or questions.

Thank you.

New Features

New! Day Program Functionality

Great news! You can now add a day program to your locations, add a scheduled time-range and then add your client to the day program and all medications will display on a single eMAR! Medications, tasks and vital prompts for the day program will only show during the selected time range but will also display and update in the residence as well in cases where a client doesn't attend day program on a certain day. [Contact us](#) to discuss special "Day Program Only" pricing.

Setting up a day program is easy!

Location – Go to the Back Office > Company > Locations and Add a new location. Fill in all of the required fields and you'll notice a new "Day Program" field at the bottom of the page. Fill in the day program's earliest start time and latest end time.

Day Program Start Time End Time

Client Profile – Next, go to the Back Office > Client Management > All Clients > Search for Client > Select > Client Profile > Edit. Towards the bottom of the page, you will find a new field labeled, "Day Program Locations". Select the locations the client attends and save your changes.

Single Sign-On

CaraSolva now offers single sign-on integration through Active Directory and other directory management systems. Streamline your process and save time by managing your staff's login access from one place. To learn more and get started, please contact us at TechnicalSupport@CaraSolva.com.

Bug Fixes

Client Name Missing on PRN/OTC Administration Page: When a user accesses the client's profile from the client summary page and then administers a PRN/OTC, the client's name was missing. Coding was corrected to display the client's name.

Client Protocols: The client's name was added to the printing page for all client protocols printed from the front office.
